

OPPOSITION TO RESTRICTIONS UPON TRADE.

Remonstrance of the Business Men of New-York.

TO THE HON. THE LEGISLATURE OF THE STATE OF NEW-YORK:

Your Petitioners, merchants and business men of the City and County of New-York, remonstrate against the passage of bills now before your honorable body, providing for the regulation of Rail-Roads, and their Freight Tariffs. That one bill, commonly called the Pro Rata Freight Bill, is grounded on false principles of legislation, tyrannical in its provisions, and subversive of the best interests of this State. It provides that all the Rail-Roads in this State shall carry freight at the same rate per mile for a short distance that they charge for a long distance. This arbitrary interference with the natural laws of trade is justified by the friends of the bill on the ground that the producers of this State need protection from Western competition, and that the State Canals need protection from Rail-Road competition. Instead of obstructing our means of transport and communication with the great and growing West, the State should do every thing in its power to increase these facilities. Our commercial supremacy is not so secure for the future as we are prone to believe. We have active and vigilant rivals on every side, and they are exerting every effort to draw off our trade. The effect of the Special Tax proposed would be to enhance the prices of food brought from the West to the populations of our crowded cities and villages, while it would at the same time tend to diminish the employment, and reduce the compensation of labor. For these, and many other reasons that might be advanced, your remonstrants respectfully, but most earnestly urge the rejection of both bills.

Names and Places of Business.
